THOMAS G. ABRAM, JD

Dear Dr. Naujoks

I am happy to inform you that you passed the 2012 Part II Examination and have fulfilled all of the requirements for certification by the American Board of Orthopaedic Surgery. You are now a Diplomate of the Board. Your certificate is effective as of 7/24/2012 and is valid through 12/31/2022. The American Board of Orthopaedic Surgery does not issue certificate numbers.

You are now participating in MOC. To view the details of your MOC requirements for the 10 year cycle, go to [www.abos.org](http://www.abos.org), log in and click on your MOC tab. Click on the grid on the left which explains the requirements and deadlines that must be met to maintain your certification. **Please note that it is your responsibility to keep your ABOS profile on the ABOS website ([www.abos.org](http://www.abos.org)) updated as to any changes in your email and mailing address so that we can contact you in the future.**

Through the American Medical Association, you may claim AMA Category I credits for ABOS Certification. For information on how to claim the credit, contact the AMA at 312-464-4669 or go to their website, [www.ama-assn.org](http://www.ama-assn.org).

Please accept my congratulations and best wishes. It is the hope of the American Board of Orthopaedic Surgery that you will maintain expertise in orthopaedic surgery and that you will demonstrate to your patients and to the public the high ideals represented by the possession of the Certificate of the American Board of Orthopaedic Surgery.

Sincerely,

Shepard R. Hurwitz, MD  
Executive Director
